25TH NORDIC CONGRESS OF GENERAL PRACTICE

Changing Landscapes - The Evolving Role of General Practice

JUNE 14-16, 2028 - REYKJAVIK, ICELAND

Welcome to the 25th Nordic Congress of General Practice

Reykjavík, Iceland · 2028

Under the theme *Changing Landscapes - The Evolving Role of General Practice*, we invite you to join colleagues from across the Nordic countries in exploring the future of our field while reaffirming our core values.

The programme will feature inspiring plenary lectures, engaging symposia, hands-on workshops, and scientific presentations that reflect the breadth, resilience, and continued transformation of general practice.

Set in Reykjavík, the world's northernmost capital, the congress offers a unique setting where striking nature meets a vibrant, creative city. Alongside a rich scientific programme, we invite you to enjoy a welcoming atmosphere, lively social events, and opportunities to connect with colleagues.

We look forward to welcoming you to Iceland in 2028.
